

Permission For Media Release

In the theater department, it helps tremendously in the advertising of our shows to use photographs and names of the actors and tech crew. No other personal information about students will be released by Manor Independent School District, with the possible exception of a student's grade level (freshman, sophomore, junior, or senior). Names and images have always been a commodity in the artistic world. Even in amateur theaters, such as high schools, the members of the cast and crew are often the largest crowd draw, and, as a large draw makes the experience better for all, we would like to use the names and images of our cast and crew to promote ticket sales. As the cast and crew are almost all minors, however, it is important to us that you feel comfortable with this. Please carefully consider each of the media we are asking you to sign off on, and call or email me if you have any questions. At Manor we strive to create a safe environment for your children at all times, and we would never do anything that we felt endangered our students.

Please initial all forms of media in which your child's name and photograph may appear.

\_\_\_ Images on the web

\_\_\_ Name on the web

\_\_\_ Images in news print

\_\_\_ Name in news print

\_\_\_ Images on the poster and other print media

\_\_\_ Name on the poster and other print media

\_\_\_ Images in other media as needed

\_\_\_ Name in other media as needed

\_\_\_ My child may have his/her name and images in the archival section of the Manor Theater Website, even after his/her graduation. If at any time in the future we wish them removed, we will contact you.

\_\_\_ Please DO NOT include my child's grade level in any media

I understand and agree to allow my child's name and/or image in all the initialed forms above.
